

REMARKS

Reconsideration of the present application is respectfully requested. The action taken herein is cancellation of Claims 1-8, done to expedite allowance of 10 and 11. This action is taken without prejudice, as the applicants reserve the right to file continuation applications directed to canceled subject matter and secure allowance at a later time. No new issues/search grounds are raised in this response after final rejection.

Wherefore, based upon the foregoing, it is submitted that the application is in condition of allowance and a relatively early reply to this paper would be appreciated.

Respectfully submitted,

Paul J. Esatto, Jr.
